Adult/Child Development

Fraser Valley Child Development Centre

How do I know my child is ready for toilet training and are there strategies I can use to approach it?

Every question is important when it is regarding your child. FV CDC's team answers your questions on their Youtube channel.

At what age should I be concerned about my daughter not pronouncing "s" sounds properly?
She will be 4 at the end of March.

Crafty Corner

Mother's Day Bouquet

<https://alittlepinchofperfect.com/handprint-and-footprint-flowers-and-vase-craft-for-mothers-day/>

Materials Needed:

- Blue and random color paint for the flowers (red, yellow, orange, pink, and purple)
- Green, Yellow, White, and random color craft paper for the background
- 3 green straws (paper straws are great because they come with cute designs)
- Clear tape, Glue, Craft paper cardstock. Paintbrushes

Materials Needed:

- Coat one hand/foot with paint and have them firmly press their hand on a sheet of white paper.
- Chose a different color of paint and repeat.
- Once all the prints are dry carefully cut them out. When cutting the blue footprint I squared the top up a bit by the toes to make it look more like the shape of a vase.
- Cut out leaves from the green paper and small hearts from the yellow paper. Glue the yellow hearts and green leaves to each straw. Let your child assemble the flowers and the vase the way they want.
