Tasty Treats

Frozen Snack Bites

<https://funlearningforkids.com/super-easy-frozen-applesauce-snack-kids/>

Ingredients:

Snack and Go Pouches different flavours

Instructions:

- Line a cookie sheet with wax paper.
- Squeeze bites size drops on the wax paper.
- Make as many bites as you would like. I like to fill up the whole pan. Then put the cookie sheet in the freezer and leave them there for a few hours.
- Once they are completely frozen, quickly remove them from the wax paper and place them in a freezer bag or other container that can stay in the freezer.
- Now your frozen snack is ready to enjoy! Pour some into a bowl and invite the kids to a cool treat!
